PRODUCT CHARACTERS

- 装有水平校准装置--通过调节丝杆高度调整设备水平。
 - It have horizotal calibration device--It can adjust equipment horizotal by adjust the outer support leg height.
- 特强桅柱系统--确保机器有超强的负重能力和稳定性。
 Special strong masts systerm--Can make sure the machine have the strongest carry capacity and steady.
- 气阻式防钢丝绳断裂装置--确保设备安全。
 - Air-resistor style prevent wirerope cracked device--Make sure the equipment safety.
- 气力推升装置精密滑动系统--使操作者通过手动操作就可轻松自如地达到使用高度。
 Air-feed device, precise slither systerm--Let operator reach the work height easily by manual.
- 设备安全稳定可靠,使用方便。重量轻,载重能力强,性价比高。

This equipment safety, steady, and convenience to use. It is light, strong carry capacity, and high cost performance.

型号规格与技术参数

SPECIFICATIONS AND TECHNICAL PARAMETERS

型号 Code	LA 32
工作高度 Work height	5.30m
平台高度 Y Platform height	3.30m
载重能力 Carry capacity	120kg
护栏高度(米) h Guardrail height(m)	1.00m
收藏长度(L) Storage length (L)	1.15m
收藏宽度(W) Storage width (w)	0.76m
收藏高度(H) Storage height (H)	2.00m
平台尺寸(长*宽) a*b Platform size(a*b)	0.70m x 0.62m
支腿展开尺寸(A*B) Supporting leg size(A*B)	1.50m x 1.37m
平台离墙间距(G) Distance between platform and wall(G)	0.30m
整机重量 Machine weight	160kg

外形及安装尺寸

OUTLINE AND MOUNTING DIMENSIONS

※工厂保留对用料和技术参数的修改权,请在下单前确认.

Plant materials and technical parameters to retain the right of revision, please confirm before place an order.
